Encl. as stated

round of talks on expansion soon

berstate has started; however, no decision has been taken regarding its full membership to the grouping.

As reported by *FE* earlier, both sides have already exchanged lists of items where each side is seeking greater market — India has exchanged a wish list of 4,836 tariff lines at an 8-digit code with MERCOSUR (Brazil, Argentina, Paraguay and Uruguay) in July last year and the MERCOSUR grouping has exchanged their wish list of 3,358 tariff lines at an 8-digit HS code.

In order to deepen and widen the scope of the existing agreement, the PTA is be-

ing proposed to be expanded as substantial scope exists for India and MERCOSUR to explore complementarities and benefits from increased bilateral trade. MERCOSUR stands to benefit from India's worldclass capabilities in the software and pharmaceutical industries, and exports of agricultural products like soybean and corn. On the other hand, India can secure its oil and other natural resource needs by partnering with the grouping's member countries.

"In the expanded PTA, not only will the number of items covered be greater, the margin of preference will be much more," the source added.

The process of expansion was started earlier and the wish lists were also exchanged between India and MERCOSUR in 2010. However, the process of expansion could not proceed further. India had earlier exchanged its wish list containing around 1,287 tariff lines at an 8-digit code at HS 2007 nomenclature.

2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, to "Review of interim Financial information , Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard required that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to the inquires of Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. Management has informed us that accruing gratuity/leave encashment is treated on cash basis which is not in accordance with Accounting Standard-15 and impact of revised AS 15 has not been taken, and the value of total employee cost is understated thus understating the LOSS by the same amount and working has not been made regarding deferred tax assets/liability and tax expenses as per Accounting Standard-22, segment reporting as per AS 17 and non reorganization of same interest income as per AS-9 issued by The Institute of Chartered Accountants of India. Further Fixed Assets register is under complication as per schedule II of the Companies Act 2013.
